When you decided to walk away

The one that would be breaking my heart
When you decided to walk away
When you decided to walk away

There is a game of love
There is a game of love
This is a game of love

And it was you
The one that would be breaking my heart
When you decided to walk away
When I wanted you to stay

There are so many things
that I don't understand
There's a world within me
that I cannot explain
Many rooms to explore
but the doors look the same
I am lost I can't even remember my name

I've been for sometime
Looking for someone
I need to know now
Please tell me who I am

There are so many things
that I don't understand
There's a world within me
that I cannot explain
Many rooms to explore
but the doors look the same
(where are the locks to try the key)
I am lost I can't even remember my name
(and I wonder why)

I've been for sometime
Looking for someone
I need to know now
Please tell me who I am

I've been for sometime
Looking for someone
I need to know now
Please tell me who I am

I didn't want to be the one to forget
I thought of everything I'd never regret
A little time with you is all that I get
That's all we need because it's all we can take

One thing I never see the same when your 'round
I don't believe in him - his lips on ground
I wanna take you to that place in the "Roche"
But no one gives us any time anymore

He ask me once if I'd look in on his dog
You made an offer for it then you ran off
I got this picture of us kids in my head
And all I hear is the last thing that you said

'I listened to your problems
Now listen to mine'
I didn't want to anymore

And we will never be alone again
'Cause it doesn't happen every day
Kinda counted on you being a friend
Can I give it up or give it away

Now I thought about what I wanna say
But I never really know where to go
So I chained myself to a friend
'Cause I know it unlocks like a door

It didn't matter what they wanted to see
He thought he saw someone that looked just like me
The summer memory that just never dies
We worked too long and hard to give it no time

He sees right through me it's so easy with lies
Cracks in the road that I would try and disguise
He runs his scissor at the seam in the wall
He cannot break it down or else he would fall

1000 lonely stars, hiding in the cold
Take it, I don't want to sing anymore

'I listened to your problems
Now listen to mine'
I didn't want to anymore

And we will never be alone again
'Cause it doesn't happen every day
Kinda counted on you being a friend
Can I give it up or give it away

Now I thought about what I wanna say
But I never really know where to go
So I chained myself to a friend
'Cause I know it unlocks like a door...

I don't understand, don't get upset, I'm not with you...
We're swimming around, it's all I do,
when I'm with you

Come on, come on, come on, come on
Come on, come on, come on, come on

Lose yourself to dance

Getting ready for more

Touch
I remember touch
Pictures came with touch
A painter in my mind
Tell me what you see

A tourist in a dream
A visitor it seems
A half forgotten song
Where do I belong
Tell me what you see
I need something more

Kiss
Suddenly alive
Happiness arrive
Hunger like a storm
How do I begin
A room within a room
A door behind a door
Touch, where do you lead
I need something more
Tell me what you see
I need something more

If love is the answer you're home
Hold on
If love is the answer you're home
Hold on
If love is the answer you're home

Touch
Sweet touch
You've given me too much to feel
Sweet touch
You've almost convinced me I'm real

I need something more
I need something more

Ph. Williams)

Vocals: Pharrell Williams & Daft Punk
Guitar: Nile Rodgers & Paul Jackson Jr.
Keyboards: Chris Caswell
Synthesizers: Daft Punk

Like the legend of the Phoenix
All ends with beginnings
What keeps the planets spinning
The force from the beginning

We've come too far
To give up who we are
So let's raise the bar
And our cups to the stars

She's up all night to the sun
I'm up all night to get some
She's up all night for good fun
I'm up all night to get lucky

We're up all night to the sun
We're up all night to get some
We're up all night for good fun
We're up all night to get lucky

We're up all night to get lucky
We're up all night to get lucky
We're up all night to get lucky
We're up all night to get lucky

The present has no ribbon
Your gift keeps on giving
What is this I'm feeling
If you want to leave I'm with it

We've come too far
To give up who we are
So let's raise the bar
And our cups to the stars

She's up all night to the sun
I'm up all night to get some
She's up all night for good fun
I'm up all night to get lucky

We're up all night to the sun
We're up all night to get some
We're up all night for good fun
We're up all night to get lucky

We're up all night to get lucky
We're up all night to get lucky
We're up all night to get lucky
We're up all night to get lucky

Dream
Beyond dream
Beyond life
You will find
Your

Song
Before sound
To be found
Close your eyes
And

Rise
Higher still
Endless thrill
To the land
Of

Love
Beyond love
Come alive
Angel Eye
Forever watching you and I

You are the night
You are the ocean
You are the light behind a cloud
You are the end and the beginning
A world where time is not allowed

There's no such thing as competition
To find our way we lose control
Remember love's our only mission
This is a journey of the soul

The perfect song is framed with silence
It speaks of places never seen
Your home's a promise long forgotten
It is the birthplace of your dreams

Driving this road down to paradise
Letting the sunlight into my eyes
Our only plan is to improvise
And it's crystal clear
That I don't ever want it to end

If I had my way, I would never leave
Keep building these random memories
Turning our days into melodies
But since I can't stay

I'll just keep playing back
These fragments of time
Everywhere I go
These moments will shine

I'll just keep playing back
These fragments of time
Everywhere I go
These moments will shine

Familiar faces I've never seen
Living the gold and the silver dream
Making me feel like I'm seventeen
And it's crystal clear
That I don't ever want it to end

If I had my way, I would never leave
Keep building these random memories
Turning our days into melodies
But since I can't stay

I'll just keep playing back
These fragments of time
Everywhere I go
These moments will shine

I'll just keep playing back
These fragments of time
Everywhere I go
These moments will shine.

DOIN' IT RIGHT

(T. Bangalter, G.M. de Homem-Christo, N. Lennox)

Vocals: Panda Bear & Daft Punk
Modular Synthesizer: Daft Punk

Doin' it right
Everybody will be dancing
And we'll be feeling it right
Everybody will be dancing
And be doin' it right
Everybody will be dancing
When we're feeling all right
Everybody will be dancing tonight

If you do it right
Let it go all night
Shadows on you break
Out into the light

If you lose your way tonight
That's how you know the magic's right
If you lose your way tonight
That's how you know the magic's right
